A FaitalPRO Compression Driver HF106 and the STH100 Horn

For this month's article, Vance Dickason puts one of FaitalPRO'S new compression drivers, the HF106 along with a Faital-PRO STH100 Elliptical Tractrix horn, to the test.

The HF106 is a new edition to the company's series of 1" diameter compression drivers, that use Ketone polymer diaphragms.

The entire series is designed to be used with the STH100 horn.
